IIT GANDHINAGAR

RULEBOOK

About

Have you ever thought that all games are uninteresting and that you could have done so much better if you had the platform? **Amalthea**, IIT Gandhinagar's Annual Technical Summit, offers you the ideal setting.

Prepare to put some of the top game developing skills to the test as you demonstrate your game development abilities.

Want one more excuse to join? As an added bonus, cash prizes from a prize pool of INR 50000 will be awarded.

Participation

- Create a game based on the theme.
- Sign up for a **GitHub account** if you don't already have one. It's free, and I assure you I'm not on any sort of commission!
- Join the Amalthea GameJam AD 2023 on <https://itch.io/jam/game-jam-2023-ad>. If you don't already have an itch.io account you can create one, or you can sign in with your GitHub account.
- Create a new public GitHub repository to store the source code and any assets you're able to share for your entry.
- Submit your game through itch.io!

Rules

- You can work in a **team of any size**.

- The game should be clean, that is **no NSFW (not safe for work) content** is allowed.
- Premade assets can be used as **long as you have the right to use them** in your game.
- Your game should be **submitted within the given time limits**, however, **minor updates are allowed** after the game has been submitted.

Themes

INTO THE ABYSS: In this theme, you're tasked with delving into the unknown, exploring the depths of the abyss, and uncovering the mysteries, dangers, or wonders that lie beneath. The abyss symbolizes a chasm of the uncharted, a place where the rules may be different, and where great discoveries or terrifying challenges await those who dare to venture there.

Voting

The submitted game will be rated from **1 to 5** on the basis of the following criteria.

- **Adherence to the theme**
- **Innovation**
- **Audio**
- **Game Design**
- **Graphics**

Everyone who participated (contributors and submitters) can vote.

Winners

- There will be **3 overall winners**
- All the participants (contributors and submitters) will rate the games and the **top 20** of those will be reviewed and judged by our team to declare the overall winners.
- There will also be a winner from each category (based purely on ratings). Therefore, **5 category winners** in total.

Prizes

- 1st prize – INR 20000
- 2nd prize – INR 10000
- 3rd prize – INR 5000
- 5 Category Winners – INR 3000 each (Adherence to Theme, Innovation, Audio, Game Design, and Graphics)

Timeline

- Registrations and Submissions Start: **16th September, 2023**
- Registrations End: **15th October, 2023**
- Submissions End: **31st October, 2023**
- Voting Period: **1st November, 2023 and 2nd November, 2023**
- Result Declaration: **To be determined**
